VICTORY LOAN DRIVE STARTS MONDAY

Hancock County kicks off its final war job Monday, when the Victory Loan drive opens and hundreds of volunteer workers take the field to have county citizens invest \$80,000.00 in E-Bonds.

The county workers got their final instructions at a meeting held Thursday at Gulfport, which featured "briefing for the job ahead" and a radio program broadcast thru the state from Jackson.

"We are conscious of the fact that there is complicity over the country," W. J. Gex, Jr., chairman of the drive stated. "Our quota is not as large as previous drives, yet it is just as important. Our citizens are urged to consider soberly the reasons which make this campaign necessary, and to cooperate wholeheartedly to insure complete success."

County school students have assumed the responsibility of spearheading E-bond solicitation in the homes. October 29th to November 8th has been set aside by proclamation by Governor Bailey as "Schools-For-Victory" week, and on November 1st, citizens will be contacted by students and asked to pledge to buy E-bonds. On November 7th, they will check their pledges to inquire if purchases have been made.

The schools have accepted quotas of hospital units at \$3,000 each, which is the average cost of care for a patient. For each unit sold in issue value of E-bonds, the school will have its name stenciled on a bed in a military hospital in the state.

"School authorities and students are cooperating 100 percent," the chairman said. "We must back them up, and the quicker we all invest, the quicker the drive will be over. Let's rally our best efforts, and wind up war financing in our county in a blaze of glory. We must finish our final job."

Clement R. Bontemps Post Holds Rally At Kiln

On Monday, October 22, 1945 at 8:00 P. M., the Clement R. Bontemps Post No. 139 American Legion of Bay St. Louis, held a meeting of all legionaries in the vicinity of Kiln, Miss., at the Kiln High School. There were forty five members present and five new members took the obligation of the Legion.

This is probably the first meeting to be held outside of the Post's home, and it was a grand success. The veterans of Kiln, and surrounding neighborhood expressed that the post saw fit to extend this courtesy to them, as many are handicapped for transportation, due to the rationing of tires, still in effect.

After the regular business meeting, the members enjoyed a "shrimp and Beer" workout, and needless to say, demolition was complete.

The post wishes to thank the trustees of the Kiln School Board and also Superintendent of the school, Mr. Clarence Ladner for the splendid program they gave the people of Bay St. Louis and for their expression through cooperation and patriotism. It was indeed a fitting mark of deference to OUR NAVY.

We wish to again ask all veterans of Kiln and community around to advise all veterans that a similar meeting will be held again in the near future, and to try and make the next meeting larger than the one held Monday night. All veterans are invited to join the Clement R. Bontemps Post No. 139 American Legion, Bay St. Louis, Miss., which is the official post for Hancock County.

Buehler, Mrs. Carl Banderet. Others attending the party besides the fifty-six boys and girls and the judges were Mrs. David Middleton and Mr. and Mrs. Edward Neeceal.

A veteran of more than three years service, she was deployed to the Philippines, arriving in early September, after spending nearly two years in the European Theatre.

Lieutenant Perre also has two brothers in the Service, M/Sgt. Edward J. Perre, Marine Corps, and Leon L. Perre, Br 1c, Navy, San Diego, California.

With the letter went a questionnaire, asking the employee if he wished to return, whether he wanted his old job back, and whether he felt that he had developed through military training to a point where he could handle other lines of work.

With but few exceptions practically all of the hundreds who have returned answers to the questionnaire said that they wanted to come back," the Company statement said. CHAMBER OF COMMERCE A REALITY.

THE Hancock County Chamber of Commerce is a reality. The results of the untiring efforts of a few men with a definite program, for the reactivation of this much needed civic body, in mind. This tends to prove our contention that a group of individuals, banded together, for a common cause, with ties of civic pride and the desire to build, can accomplish much for Hancock County.

Late reports from the committee show that upward of 100 persons have subscribed to membership. This is indeed gratifying. It shows that the people of our County want to do something for its betterment, and that they realize that an active Chamber of Commerce is the medium through which this can be done.

We, of course realize, and we believe that every other interested person feels that miracles are not going to be performed. That we must first outline a definite program that will meet every practical situation that exists in our County. That we should encourage an industry of the type that would be of benefit to both our urban and our rural population. In the event that we are fortunate enough to secure the location of some plant in Hancock County, we should exert every effort to have one that will manufacture articles that will come from products that our soil produces, or from our natural resources.

It is our contention that the first big job that confronts the Chamber of Commerce, is to sell Hancock County to its own people. It is surprising how few people realize the opportunities that lie right in their midst. Little do they realize the advancements made in dairying and farming. The improvements made in the stock of cattle that are today grazing our ranges. The amount of timber that is growing throughout the County. All of this means much to the County, and how much more can it mean if the development is continued.

Of all things, however, we should make our people conscious of the fact that they live in Hancock County. That as and when they aid in its development they are helping themselves. It should not be necessary to point out that in the days gone by, Bay St. Louis and Waveland were trading centers for the people from every section of the County. Perhaps a good Chamber of Commerce will again form these ties, that once meant so much, and once again Hancock County will regain its identity among its people.

Bear in mind what these few interested men have done. With a little effort, they have brought to you an organization that can mean much to every person in the County, if you will only put as much effort into keeping it alive and active as they have put into bringing it back to life.

Each member should pledge that he will strive to do the job assigned to him to the best of his ability, and that he will fight and work, on and on, for the betterment of his County. If this is done much can be accomplished. We know that nothing succeeds like success, and when an organization is on the road to successful undertakings interest does not wane.

May the efforts of this handful of men who have worked so diligently for the Hancock County Chamber of Commerce, be rewarded, and may our dreams of a better and greater Hancock County become a reality, through their efforts.

THE LAST JOB IS AHEAD OF US

ON Monday, October 29th, the Victory Loan Drive will open. This brings us face to face with a situation that we have yet a job to do. When the fighting stopped, it did not mean that the war was over. It is not yet over for the men who must serve in the armies of occupation; it is not over for the sick and wounded in our hospitals, and it is not over yet for us here at home. It is necessary that we continue to buy bonds for the rehabilitation and care of these boys in the hospitals, for the mustering out pay, and in order to give to them the opportunity that they so richly deserve under the G. I. Bill of Rights. It is also necessary for us to support our armies of occupation, and there are and will be many other essential expenditures which our Country must meet during the post war period.

These boys who are still on foreign lands have completed their job, and their eyes are cast in our direction to see if we have already forgotten them. We all know how anxious they are to get back to the ones they love most. To the home that they cherish. Shall we pass it by and not finish the job, or will we stand by to the end, with our shoulder to the wheel and again go over the top in this the last effort that we are called upon to make, in concluding the greatest conflict this Country has ever engaged in.

Of course some people would have you believe that we have in our midst many unpatriotic Americans. Yet these same individuals who are so prone to cry about the lack of patriotism on the part of some people, should reflect back not many months ago, when by their utterance, they placed the brand of a traitor upon themselves. Little could we ever believe that one could become so degraded and so putrid that they would stoop, in their desire to see their prejudices and hates become a reality, to hope that this great Country of ours would go down in defeat. To think that any individual who claims to be an American could express such a desire, when our boys were engaged in mortal conflict with our enemy nations on the far flung battlefields of the world, rather than see another individual whom they hated succeed. These same individuals would not hesitate to attempt to sow the seed of discord in any other worthy cause for their own personal gain or satisfaction.

The people of Hancock County are a patriotic people. They have demonstrated this fact time and time again, and any one who says otherwise is a deliberate liar. In order to demonstrate patriotism it is not necessary that one stand on the street corners and shout how patriotic he may be. Your patriotism is judged by your actions.

It behooves us, not to be distracted by such individuals, in the great job that lies before us. We have done a good job in the past in this County, and we are capable of completing the task and we should let our boys know that we are going to finish the job since they have finished theirs, and that Hancock County will go over the top in the Victory Loan Drive.

Stanislaus Notes

By Andrew Martinovich

Last Saturday night the Sodality Social was held in the S. S. C. gym and was a grand success. It was something new in entertainment—the Hatfields versus the McCoys. Everyone was given a card which made him either a Hatfield or a McCoy. There was competition between them and finally the Hatfields won. The Glee Club sang a few numbers and a few other students rendered some very good entertainment.

Everyone here at school is anxiously awaiting the game with Jesus this Friday. Nearly all the students will go to the city to see the team and will be cheering for their team to win. The Stanislaus Band will accompany the team to the game.

was appointed to his present position of Montgomery district manager in May, 1930. He has served with distinction in that position for the past 15 years.

Mr. Harris is an outstanding civic leader. Wherever he has served the telephone organization, he has also found time to take an active role in worthwhile affairs of the community. He has been a director of the Montgomery Chamber of Commerce since 1932, and he served one term (1935-36) as president of the Montgomery Kiwanis Club, in which he has been very active. He is active in church affairs and also is a member of the American Legion, having served in the Quartermaster Corps in World War I.

Mr. Harris' family consists of his wife, a daughter, Betty Ann Harris, of Montgomery and Lt. Thomas Edward Harris, Jr., of the Army. DEFYING THE DEFEATISTS

But a decade or so ago the defeatists were prophesying disaster for the Republic. "The frontiers are gone," they said, "our economy must be directed to the exploitation of our accumulated wealth."

Now has come that "New World of Tomorrow," of which scientists, statesmen and philosophers have dreamed and worked, to upset our thinking. Developments in electronics and synthetics part the curtain to that brighter future. With the explosion of an atomic bomb we were dramatically and abruptly ushered into an epoch that separates us from the past. Radar, television, penicillin, DDT, peace and the introduction of cosmic energy provide opportunities that challenge the leadership, the resourcefulness and the courage of every community.

Along with these discoveries and inventions, communism is being given respectability by men of influence, and there is the added threat of inflation as men in high places are careless with the people's money.

Nothing our pioneering forebears encountered in the American wilderness exceeds today's opportunities and its problems. And only the industry, thrift and character that created the Republic can preserve and promote it. For all but the faint-of-heart we face new frontiers.

Through the generations many changes come, but character and courage are eternal. Virtue, valor and vigor are the stuff out of which men and women build their better world.

A bank cannot escape its share of the responsibility for the preservation of the Republic and the stability of our national economy. From village to metropolis, banking helps provide security while it performs a needed service.

Defying the defeatists your bank makes its constructive contribution to peace, prosperity and the pursuit of happiness. Through our united efforts, with vision, zeal and work we can make this a better community.

With a Busy Hand!

Now that the war is over, it's time to open the doors to the days ahead. They're going to be busy, exciting days.

For one thing, the Telephone Company plans the greatest expansion program in its history in Mississippi—aimed at meeting the telephone needs of a great state.

It means providing telephones for all who have been waiting for them. This is one of our first jobs! A greatly expanded telephone program for our farmer friends is also in process. Expansion of long distance service is being scheduled too. It will include the installation of coaxial cables to handle more calls with speed and convenience for you, and provide more facilities for that exciting visual art—television. A mass of construction is to be done and a new service to motor vehicles is also in the offing.

Those are the high spots. They have been ideas on the drawing board. They will become realities as materials become obtainable. There will be the marshalling of prosperity's Three M's—Men, Money and Materials, the forces that brought Mississippi and the Telephone Company to their present positions, that won them the friendship and confidence of the public.

This expansion program calls for the expenditure of millions of dollars in Mississippi. And telephone people like the idea of putting money for expansion into Mississippi, contributing to the general welfare and prosperity of the state, through its men and women, its wage-earners, its families, its communities.

Our optimism for the future is based on the record of the past. Mississippi and the 3280 men and women of the Telephone Company have grown up together, and watched each other grow. Now, in the days ahead, the same friendly relationship will continue. The future beckons with a busy hand.

A. & G. THÉÂTRE THIS SUNDAY AND MONDAY "JUNIOR MISS"

With Peggy Ann Garner In Star Role—A Heart-Happy Smash Hit.

Hail "Junior Miss"! Hail the happiest, most heart-warming hilarious hit that has graced the screen in a long, long time! Hail Peggy Ann Garner and the brilliant supporting cast, Director and Script-writer Geo. Seaton, Producer William Perlberg and 20th Century-Fox itself for a perfectly wonderful and wonderfully perfect session of joyous entertainment!

If this reviewer appears to be a bit on the giddy side, he gladly admits it. For if ever a motion picture deserves hallelujahs, hosannas, orchids, stars, bells—or whatever other devices are used to proclaim an outstanding hit—"Junior Miss" is it.

The picture, of course, is 20th Century-Fox's filmization of the sensational Broadway hit that had New York howling for two straight years. It is a happy privilege to report that as fine as the stage version was, the motion picture is merrier, more hilarious and greater in every way. "Junior Miss" tells the story of the typically American Graves family, and particularly of Judy (Peggy Ann Garner) who at thirteen is, of course, "hep" to everything and, in addition, is blessed with an especially vivid imagination that translates even the most ordinary everyday incident into a super-dramatic or romantic situation paralleling some movie of which she has seen thousands.

Peggy Ann Garner in the role of Judy turns in a performance that matches, in a refreshingly different manner, her triumph in "A Tree Grows in Brooklyn." In this, utterly unlike any role she's ever had, she reveals a myriad of enchanting new facets in her outstanding screen personality, and opens a brilliant new vista of possibilities which we hope are realized.

Shortage of space prevents doing fullest justice to the grand supporting cast headed by Allyn Joslyn and including Michael Dunn, Faye Marlowe, Moira Freeman, Sylvia Field and Barbara Whiting, the last of whom is a wonderfully delightful new child discovery you're bound to see a great deal more of soon.

George Seaton's direction keeps "Junior Miss" moving at a dazzling clip. You'll want to see this perfect picture at least twice to catch all the gags—providing you remember to stop laughing.

Intelligent Cooperation

—benefits the beer retailer, his patrons and the public

This Committee, the retail beer dealers of Mississippi, and their patrons are cooperating in this industry's self-regulation program.

The beer retailer, who considers his retail beer permit as a privilege not to be abused, has learned to say "NO" in a quiet, friendly, yet positive manner to all those who ask him to violate either the letter or the spirit of the law.

The friends of beer have also learned NOT to ask the beer retailer to break the rules of good conduct he has pledged to uphold.

This spirit of intelligent cooperation is helping this Committee see to it that wholesome conditions surround the sale of beer wherever it is sold.

Meeting Of Hancock County Reemployment Committee Held Recently

A special meeting of the Hancock County Reemployment Committee and Veterans Service Center was held at the Courthouse on Wednesday of last week at 2:00 p. m. for all county and City Law Officers to discuss a means of handling any offenses or deprivations by returning Veterans whose conduct might be affected as a flare-up from the strain under which they lived while in the service.

The meeting was called to Order by Chairman Forster Commagere with the following officers and members present:

Forster Commagere, Chairman Reemployment Committee — Veteran Service Com.

George E. Heitzmann, Secty., Reemployment & Veterans Service Com. Lamar Otis, Randolph Bourgeois, Vincent Morreale, Gerald V. Price, Members of Reemployment & Veterans Service Com.

Alcine Saucier, Representing City Police.

Hon. Garfield Ladner, Mayor of Waveland.

Hon. Judge L. B. Capdepon, J. P. Beat No. 5.

Hon. Judge J. P. Watson, J. P. Beat No. 1.

Sheriff John A. Egloff.

Mrs. Flora Maunus, Red Cross Executive.

Mrs. Elizabeth Weston, Red Cross Laurent "Doc" Dickson, Draft Board and American Legion.

Willie Green, American Legion.

Devant Graham, Veterans of Foreign Wars.

Edward J. Jones, Representing Returning Veterans.

After fully discussing all means possible of handling the situation it was agreed by all present that the best method would be for the officers of the entire county upon arresting a veteran to immediately get in touch with one of the members of the American Legion and Veterans of Foreign Wars who together will handle the matter with as much leniency as possible before a final charge be made with the trial Judge. Upon motion of Vincent Morreale, seconded by Randolph Bourgeois, Mr. Laurent Dickson was elected as a committee of one to appoint Legionaires and members of the VFW in each of the five Beats of the county to work in conjunction with the officers there.

The motion provides that the appointed Legionaire or VFW is to act in the capacity of advisor or guardian of the recalcitrant Veteran of this present war.

Typhus Control Program Assured City

The City officials, at their last meeting, appropriated \$2,500 to be used in a rat campaign in Bay St. Louis for the control of Typhus fever. Federal and state help will be secured and although at present it is not known just when the work will get started, it should not be many weeks before definite plans are announced.

This program will include rat proofing of buildings, poisoning and destruction of rat harborage.

Dr. C. M. Shipp, Hancock County Health Officer, will be in charge of the work.

We remember them . . . the Red Cross men and women, who will not join in the cheering, who will not hear the bells, those who will not come home.

We remember them . . . killed by mortar fire on Luzon, missing in action with the first wave of Americans on the Sicilian beachhead, bombed at Anzio, shelled in France, lost at sea.

We remember them . . . the fifty-six men and women . . . who went overseas for the Red Cross, who died in its service. Hospital workers killed while caring for men just brought in from the battlefield in receiving tents near the front . . . field directors swept down on the beaches with the men and women, who lost their lives when planes flew crashed to earth . . . those who, travelling the water in darkness, went down at sea.

For them, there will be no bands; for them, there will be no welcome home. But in our hearts and in those of the ones who loved them, they have not died. And to them we make this pledge:

In the hard problems of the peace, the building of a kinder, better world, we of the organization you served, dedicated to the principles of humanitarianism, the never-ending struggle against suffering and want, shall carry on the job we started; we shall continue in high hope in the ask you so bravely began. To you, we say, you have not died in vain. To us, you have bequeathed your courage; to us, you have lent your strength; in us, you have created your faith. And, in your sacrifice, in that of the men you served, who also died, you have lighted for all the world the way.

For more than a number of years mutual savings banks in the State of Mississippi have gone thru every cycle of prosperity and depression without ever yet being compelled to tell their depositors, "We are sorry we cannot return your deposits."

There is more to a savings bank than safety. There is sound counsel supplied by courteous officers, there is advice to those who have problems pertaining to the building of homes, travel, education debts, wills and a hundred and one other things that affect our daily lives.

ORTTE THEATRE
SUNDAY AND MONDAY
"LADY ON A TRAIN"

Deanna Durbin with Ralph Bellamy and David Bruce

"Lady On A Train" Deanna Durbin's newest Universal picture, comes Sunday and Monday to the Ortte Theatre. The film, announced as a comedy-mystery, is based on an original story by Leslie Charteris, creator of the popular "Saint" series.

The screenplay is by Edmund Beale and Robert O'Brien.

This picture is declared to be a complete departure for Deanna Durbin and another step in Producer Felix Jackson's plan to give the star a varied program.

Although Deanna's role in the picture is essentially an acting one, she sings three songs—"Silent

Night," "Night And Day" and "Give Me A Little Kiss."

FEMININE DETECTIVE

In the new film, Deanna portrays an amateur sleuth. An avid reader of mystery stories, she sees a murder committed as she is arriving in New York on a train. She sees the victim, but does not see the assailant. However, she is determined to run down the murderer, even though the victim, a wealthy man, is reported to have died, an accidental death.

When the police refuse to listen to her story, she enlists the aid of popular mystery story writer. Between them they follow a trail of clues that lead to some strange places, including a night club where Deanna has to pose as an entertainer.

Other members of the cast include Ralph Bellamy, David Bruce, Allen Jenkins, George Coulouris, Dan Duryea, Edward Everett Horton, Patricia Morison, Elizabeth Patterson, Maria Palmer and Jacqueline

line-de Wit.

The picture was directed by Charles David, a newcomer in Hollywood's directorial ranks.

Gives Donation To X-Ray Fund of Hospital

The Board of the Kings Daughters Hospital announces that a very benevolent citizen (whose name is not for publication) gave his check for "balance due" on the X-Ray recently purchased for the hospital.

This board appreciates very much. However, they are still taking subscriptions for magazines, the proceeds to go to the general fund of the hospital.

This is a worthy cause and unfortunately we must have a hospital—so please give your friends a subscription to their favorite magazine for Christmas and thus help the most needed institution in our county.

The past few days Gloria Shubert brought Japanese money she had received from her brother, Fireman 1^c Joseph C. Shubert, who is stationed in Port Arthur, China. IN LOVING MEMORY OF OUR DEAR MOTHER AND GRANDMOTHER

NANCY ELIZABETH BOUNDS

Died October 28, 1942

Three years ago since you went away

But the love in our hearts for you will ever stay

The soft tone of your voice, the gray in your hair,

Will ever remind us of your loving care.

Our lips cannot tell how we miss you,

Our hearts cannot tell what to say,

God alone knows how we miss you.

In a home that is lonesome today.

Not the least important nor easiest of solution are the problems presented in the sphere of practical economics. They are not new problems, but they have been aggravated naturally by a conflict that has convulsed society to its foundations and left men at best bewildered. Fortunately high-minded statesmen and conscientious heads of labour are coming to realize more and more clearly that those problems cannot be adequately solved without enlisting the help of Religion, without which human rights and human obligations have only insecure and shifting bases.
